

Dr. Tess Lawrie: Insight into the conversation between Dr. Lawrie & Dr. Hill

Dr. Tess Lawrie: An insight into the conversation between Dr. Tess Lawrie & Dr. Andrew Hill, as published in Robert F. Kennedy's book The Real Anthony Fauci

Dr. Tess Lawrie (MBBCh, PhD) is the Director of the Evidence-based Medicine Consultancy Ltd, and CEO of EbMCsquared CiC, an independent, not for profit, health-focused think tank based in the United Kingdom. She is also the founder of the British Ivermectin Recommendation Development initiative (now called BiRD International) and a co-founder of World Council for Health.

This is an edited segment from the weekly live General Assembly meeting on December 20, 2021. The full meeting can be viewed [here](#).
